# SILVANA MERELLO

Argentina

**SILVANA MERELLO** (Argentina, 1966) Self-taught artist developed her love for painting since she was a young child. After pursuing a Ph.D. in biochemistry and postgraduate studies in business and economics, Merello returned to painting in order to explore deeper spiritual needs through introspection and art.

In the past decade, her artwork has been featured in numerous exhibits throughout Argentina, USA and Europe. Merello's artworks are found in personal and private collections in USA, Canada and Europe. "Plans that blur, veils that reveal, silences that speak, every picture comes as an evidence of the spiritual trip to its own essence." (Rafael Squirru)
